

14th February 2006

Mr Neil Savery
Chief Planning Executive
ACT Planning & Land Authority
GPO Box 1908
Canberra ACT 2601

C/o - Ms Caroline Sayers

Dear Mr Savery,

3GIS ACT Network Plan

I refer to the Draft 3GIS ACT Network Plan submitted on the 30 November 2005 for the roll-out of a network of 25 new 3GIS mobile phone base stations across the ACT.

The associated public consultation exercise has now been completed. The enclosed report provides details of all representations received and subsequent responses provided by return.

The report should now allow an assessment to be made with regards to those issues raised by the public and a determination on how the Network Plan is to proceed.

Should you have any questions in relation to the consultation report please contact:

Mark Edwards or Sarah de Szoeki
Daly International
Ph. 02 9419 2199
